Mr. Wood-

Please tell me what
you think of my New
Note Head, as above..

Then may I ask
if you take a list
separately of all
Associate & Active Mem-
bers of Society

I would like same
if convenient, but
have no need for
it at this time.

Yours truly

Dear Mr. Thorson:-

Your favor of the 30th at hand and as you ask us what we think of your letter head we will tell you frankly what we think of it. To begin with, you have absolutely no right to use the seal of our Society as we are an incorporated body. No one in the Society is allowed to use our letter heads unless for the Society's business.

In a short time you will receive the Proceedings of the Society which includes a list of all the members. Trusting ~~that~~ to see you when you are East, I remain,

Yours very truly,
